National Standards

We await further news from the government around what the future of education will bring. One thing is certain – No more National Standards reporting. This definitely changes what we report to parents, the board and the Ministry of Education regarding 'where our children are academically in comparison to other same age children across New Zealand. There have been indications already that the Labour government are replacing National Standards, at this stage we don't know what with, but we will definitely keep you informed as things evolve.

Our teachers will be writing end of year reports from week 6, and these will be written using National Standards measures and language. The Ministry of Education have directed that all schools report using National Standards for 2017. Next year a different measure will be used.

New enrolments for 2018

We are in the process of planning for next year. This includes calculating how many children we have on our roll on day one of 2018, how many classes and teachers we will need, and which class your child/ren will be in. It is very helpful to us if we know who is enrolling at Eltham School next year, so if you know of any new children moving to Eltham, or any children turning 5 during 2018 please let us know so we can make provisions as needed. Thanks for your support with this.

News from Room 7... We were very privileged this term to have tennis coaching at our school. The students enjoyed this immensely and have some comments about their experience...

It was exciting and was a fun experience to learn about tennis. Now it is my favourite sport to play and watch. My favourite part was to learn different techniques and to watch people have fun with tennis. We learnt how to balance the tennis ball on the racket and we even learnt different ways to hold the racket like backhand, volley and forearm. My favourite technique was all of them. Playing tennis is great exercise for your body and keeps you fit.

Teresa-Ann Sokolich

Tennis is a fitness sport. It is fun learning new techniques. My favourite technique was volley. Jamie is a fun and polite coach. I hope we have him next year. **Paipa Robinson**

Tennis is great fitness. I learned the name of the techniques. The techniques were called the forehand, volley and the backhand. I hope he will come back. **By Danial Ridzuan**

Tennis is very fun and it is cool. Everyone had fun. Room 7 learned lots of stuff like balancing the ball or doing the volley. My favourite skill was the forearm and I was perfect. Everyone had good fitness and training and everyone learned lots. Even though our ears were painted on, we still did what we were supposed to do. Our coach was named Jamie and he was a good coach. **By Calais Harris**

Tennis was fun because we learned lots of skills. The tennis man was the best. My favourite skill was the backhand. It was so hard to master but you can do it. **By Fellin Castle**

Tennis was amazing and so was our coach. My favourite technique was volley because you can hit the ball while protecting your face – **Justin Salisbury**

Tennis was fun because we played LOADS of games.—

River Trip – Stories from Room 2...

We saw mayflies at the river. They are bugs that have 3 tails. If there are lots of mayflies by the river, the river is healthy. **Lailarnie Leighton**

I heard lots of birds singing and talking to each other when I went to the river. I saw lots of bugs. **Kohyn Dormer**

We went walking and saw lots of traps to kill the possums. **Celestial Harrison**

We went over the bridge and I looked down and saw big rocks and lots of water running over the rocks. I looked for fish. Some people saw water boatmen. **Heath Helms Smith**

We saw a kereru and it flew past our heads. It made a loud flapping sound with its wings. It was white, green and blue. **Dayton Nikora**

I saw a kiwi hiding behind a tree and I saw a bird flying around the sky – It was a tui because I saw the white pompoms under its neck. **Eva Smith**

I saw lots of bugs in the river. We had fun. I kept hearing birds squeak all the time. **Ashah Lawson**

I saw lots of trap boxes. There were eggs inside to catch the pests. **Nivana Lee Reid**

I learnt how to look at the bugs. They have 6 legs and the mayflies have 3 tails. **Maaka Robinson.**

We saw a tui. It made a nice sound. It sounded like a bell. **Vienna Brown – Martin.**

We saw some dogs come and play in the river. We walked to the bridge and saw a pukeko and a fantail. We had fun. We had lunch too. **Nevaeh Hayman.**

I saw some crayfish and I found a toebiter. They bite your toes but they’re babies so it doesn’t hurt. **Khodie Woodhead**

We saw some baby crayfish. We saw rocks and a scarecrow. The scarecrow was scaring the birds away from the fish. **Cruz Hardy**

I saw a pretty roadway with grass and flowers and it looked like a wedding. I was so excited about our river trip I couldn’t even eat breakfast. The river and bush were so quiet and beautiful. I even saw a tui. It had little white balls under its throat. **Layla Elliott.**

I picked some flowers and when we were walking we saw a fat white bird with a blue head. (Kereru) I saw another bird with an orange beak and yellow legs. Our group caught tiny bugs. **Reggae Ngatai**
