PAPAKOWHAI SCHOOL NEWSLETTER Week 2 ● Term 2 ● 9th May 2018

Dear Parents/Caregivers

LIT QUIZ SUCCESS

At the end of Term 1 our senior students participated in the Wellington Regional Lit Quiz. This is an international event that challenges children to read a wide variety books and tests their literature and general knowledge.

Against more than 50 schools from across the Wellington region Papakowhai School placed second. This is an exceptional achievement.

The 2nd place team consisted of David Ayora, Grace Williams, Phoebe Grennell, and Verity Sanders. Summer Thomason, Sinead McGuire, Avah Price and James Van der Voort also represented the school creditably at the event.

ZONE CONSULTATION

There will be a public meeting for zoning consultation on Wednesday May 29th at 7:30pm in the hall. We will provide more details about the meeting when the formal consultation period begins. We will share feedback from the informal consultation as soon as we have approval from the MOE.

STAFFING UPDATE

I am pleased to inform you that we have appointed JeeWon Um as a new entrant teacher at Papakowhai School. JeeWon is relieving in classes as needed until her new entrant class begins in June. JeeWon is a fully registered teacher with 3 years' experience at Amesbury School, Wellington and Halswell School, Christchurch. JeeWon is an enthusiastic and creative person. She is a capable flautist and pianist. She speaks fluent Korean and basic Japanese. She has lots of experience with orchestra, choir, chamber music, Jazz Band and Rock Band.

We are also pleased to have Nicky Dott, Alison Tennant, Caroline Herring and Kylie August back working with us part-time this term.

TV and CYBER SAFETY

The following is adapted from the Office of Film and Literature Classification's Parents' Guide.

Children can access virtually any content on their devices – anywhere, any time.

As digital natives, they can and should make use of these opportunities for communication, education, and entertainment.

But children can also be negatively impacted by what they see. We know this from international studies, our own research, and from talking directly to parents and teenagers nationwide. Young people are looking for guidance.

We also know that parents and caregivers are concerned about what children are viewing in movies, TV shows, games and websites.

Share and talk about entertainment media with your child. Encourage them to think critically about what they view. Talk about sensitive or complex issues when you as a family think it is appropriate. Support your child if they're distressed by something they've watched.

You can't control everything your child sees, but you can build their confidence by giving them tools to help deal with challenging media.

To be continued...

QUEEN'S BIRTHDAY WEEKEND

School will be closed on Monday 4th and Tuesday 5th June for the public holiday and mid-term break holiday. School is open as normal on Friday 1st June.

Kind regards Mark Smith PRINCIPAL

SOCIAL SKILLS

Currently at school we are focussing on **Self-Management** skills.

What is Managing Self?

It means being self-motivated and having a can-do attitude.

Self-managing people do things for themselves. Some of the skills that are demonstrated include; being punctual, being ready to start work, organising and taking responsibility for their own belongings, controlling their behaviour, having the ability to work independently and asking for help or advice when they are unsure.

Some things to try at home:

- Notice and praise your child when they do their homework or chores without being asked. This shows them that you value their independent self-management.
- Talk about the challenges of learning, not just about what has been learned, and show them that you are always learning as well.

- Support and encourage your child when the going gets tough. Be positive and show them that you have confidence in them, rather than letting them make excuses.
- Make a plan for managing behaviour. Instead of crying or having a tantrum, what plan could you have in place for your child?
- Use role-play games to model the correct way to solve problems.
- Spend some fun time together playing games with your child so they are exposed to rules of games. It is important that your child experiences the success of winning but also the

frustration of losing. (Some excerpts taken from Helping your child develop Key Competencies – Education in New Zealand).

Kind Regards

office.
