ORAL HEALTH TIPS

Please remember that it takes 2 minutes to brush teeth properly.

Have some fun timing your family brushing.

Use a stop watch on phone or oven timers.

Hum "twinkle twinkle little star" twice.

SMOKE ALARMS SAVE LIVES

If you don't have a working smoke alarm and there's a fire while you are asleep - consider yourself dead.

Fire and Emergency New Zealand (FENZ) recommends you install long-life photoelectric smoke alarms in your home. The benefits are significant:

- They provide a minimum of 10 years smoke detection.
- Not having to replace batteries over this time means the alarm will effectively pay for itself
- You won't have the annual search for the location of the flat battery beep - usually at 2 am in the morning:
- The elderly no longer have to climb ladders each year to replace batteries.

Inter house Sports Day

Due to the rain we have had over the last few days causing the field to be very wet and muddy, the decision has been made to postpone the Interhouse Sports day.

Weather and conditions permitting, this will now take place on Friday 25th May
