Dear School Friends and Families

Plenty of effort and determination on display at the Cross Country on Tuesday, where the team from Garston put on a great day for us. But what made us just as proud was the way in which the children supported and encouraged each other. We have 29 runners (8yr-11yr) who have qualified for Northern (June 15), which Mrs Waller and I think is a record. See over for results, also information for Northern runners attached. Thank you to the parents who helped with the transport of children whose parents were unable to attend.

This has indeed been a physically active week for the children, with Logan Tippet from Touch Southland taking classes for sessions on Wednesday, and Alex Morrison-Bailey from Netball Southland taking the senior children for ball skills sessions on Thursday. Interestingly, after working with our senior children, Alex said that their ball skills were head and shoulders above other schools they've worked with, which probably has been helped by all the handball that has been going on during lunchtimes and playtimes.

The New Zealand Playhouse theatre company added a nice touch of cultural experience to this physical week, with a very entertaining performance of the Red Riding Robyn Hood Show. It's great for the children to have the opportunity to grow their appreciation of the Arts through live performances like this. Thank you to Northern Southland College for hosting this event where we attended alongside Dipton and Mossburn Schools.

Miss Madden and I, along with Lynlee Smith and Jennah Hughes from Fiordland College attended a forum for Communities of Learning leaders in Christchurch on Wednesday. It was reassuring to learn about new ways of working, learning and providing for our children now that we have established a good foundation to go forward from.

Student leaders Ashley and Cooper spent the day in Dunedin on Monday at the National Young Leaders Day. Inspiring, educational and entertaining all in one by the sounds of it! See inside for their report.

Have a good (long) weekend. Best wishes to Mrs Stevens (Lana) who will be entertaining the crowds again this year at the Gold Guitar Awards in Gore.

Ngā mihi

National Young Leaders Day Report

What a day Ashley Chan and Cooper Leach had at the NYLD (National Young Leaders Day) full of excitement. But, while it was fun, it was also very inspiring with great inspirational speakers like Amanda Wilson, Jono Naylor, Robbie Fruean, Riley Hathaway, Vince Harder and much more.

The Hosts, Christian Gallen and Liz Alexander were hilarious and surprisingly serious at the same time. They told us stories about trying new things and about how it's good to be different. This day was all about leadership and the main idea was "Me Whakaro Rangatira" -Think like a leader. Each speaker took one of the words in the saying and talked about what makes it special.

Quotes were very popular at the NYLD but the one that we all need to know is "Shoot for the moon, because even if you miss, you'll land amongst the stars", and what that means is while you're shooting for your goal, you still have to learn to appreciate the little achievements you've gotten on the way. Which was a very good explanation of when you try and don't succeed at first, keep trying and trying.

My (Ashley's) favourite saying came from Amanda Wilson - Be Brave Enough To Be Different, which I think is very important to know. But overall, it was an amazing experience for us and hopefully Mrs Chan enjoyed it as much as everyone else did.

CYBER EQ-IQ PROJECT with John Parsons

INTERNET HEALTH AND WELLBEING PLD WITH JOHN PARSONS

For Primary and Intermediate schools.

John Parsons is an expert in this field and the author of the book:

"Keeping Your Children Safe Online"

"This book is a must read for any parent wanting to develop resiliency in their child and to empower them in today's hyper connected world." Sir Gordon Tietjens, KNZM

This book is a great resource for schools, parents and teenagers.

John will work in your school from 9am till 5:30pm facilitating educational workshops for all stakeholders. This approach provides the greatest opportunity to empower students, staff and parents. At the end of the day all teachers, staff, students and parents will have received education that unites them in a common cause. The health and welfare of all.

"When delivering an educational resource nothing is more effective than face to face delivery to every student, teacher and parent within a school." John Parsons

Face to face with students in class

John works directly in class with teachers and students helping them to take ownership of their wellbeing and to become capable confident and connected within the "online world". Teachers tell John that his inclusive approach helps them both personally and professionally. John's goal in your school is to leave teachers with knowledge that empowers them to expand, develop and work more confidently with students and the parent community.

Professional development for all teachers and leaders

Each day includes a staff meeting that provides training and development for all teachers, leaders and lead staff.

You do not have to send your teachers to expensive offsite workshops which often means you need to find replacement teachers. Working with staff face to face is the most effective way to increase ability and confidence in your teachers and staff.

Parent workshop 4:30 – 5:30

John works directly with your parent community facilitating a highly interactive workshop where John encourages debate and audience participation. Parents leave with knowledge that helps them relate to and build strong relationships with their children and school. Face to face workshops are far more effective than remote video streaming or DVD deliveries.
