Developing Learners for Life

1090 Waikite Valley Road, RD 1, Rotorua 3077 Tel 07 3331888

Weekly Panui - Monday 19th November, 2018

Kia ora whanau

TRIVIA NIGHT - 14th December - please organise a team for a fun night out. We will take team bookings at the office and have organized EFTPOS for the night.

CYBER SAFETY - If you are able to attend the John Parsons evening (7th Dec, 7pm at the Harvest Centre) I would strongly recommend. This is an area we should all try to keep ourselves on the front foot.

School Bus Safety - a reminder

Do you drive through rural communities on your commute or throughout your daily routine? You need to know a few important things to keep kids safe on rural roads.

Bus stopped? Drop to 20km/hr

You may be unaware that the speed limit past a stopped school bus is 20km/hr. Failing to slow down to 20km when passing a stopped school bus puts children who use rural school buses directly at risk.

The speed limit in rural areas is often 100km so when drivers do not slow down to 20km when passing a school bus, little can be done to avoid an accident if a child appears behind a school bus.

Speed around rural schools

Traffic speed around schools is of concern to rural communities. The risk is greatest at times when pick-up and drop-off activities are combined with passing high-speed traffic.
