

## Boat Safety Sessions with Swimsation

Dear Parents and Caregivers

The children in Years 3-6 have been working with the Swimsation swimming instructors over the past week and a half, learning about swimming skills and keeping safe in the water.

We have been offered the opportunity to go to the Swimsation pool at Peninsula Primary School for a **Boat Safety** session. This session is free for the children, including the buses to get to and from the pool.

The session is an hour long. During the session, the children will learn about safety in boats, including the correct use of life jackets. Children will be very well supervised by the teachers and the swimsation staff.
