Letitia Taylor Year 8  
Hunny Mason Year 8

### Football

Harley Heuvel: 13th Grade  
Kaleb Withey-Smith: 13th Grade and Captain  
Craig Smith  
Taj Chapman-Peters  
Eden Chapman-Peters  
Robert Jensen-Hodgetts

### Rugby

Chase Reiri Under 8s  
Mathias Rautahi Under 8s  
Jayden Derbridge, Under 8s  
Zack Gore Under 8s  
Micah Marsh Under 8s  
Nathan Graham Under 8s  
Tamati Peachey-Lloyd, Under 9s  
Taylan Wharewhiti Under 9s  
Daeziah Wharewhiti Under 9s  
Kaleb Gore Under 11s  
Krain Hauti Under 11s  
Jay LaDette-Pinfold Under 11s  
William Graham Under 11s  
Tahupotiki-Wiremu Nicholson-Hauti-Osborne Under 11s  
Treye Eriksen Under 11s  
Ryder Crosswell Manawatu U12 and Captain

### Rugby League

Ryder Crosswell Manawatu U13

Well done to each and every one of you for achieving this level in your sport.

Please let me know if anyone has been omitted from this list and they will be named next week.

## Kapa Haka

This afternoon's tamariki practice is from 3.30pm until 5.00pm.

The whanau meeting is in the hall or room 1 at 5.00pm.

As a school we are honoured to have been asked to send a small group of 7 children from our kapa haka roopu to sing at the Wackrow Award next Tuesday evening.

They will lead the National Anthem and later sing 2 waiata.

We know these tamariki will represent our school well.

## Local Curriculum

As the school and the Board develop our local school curriculum, it is important to have our parents and community's ideas and opinions to work with.

Please read the first page of the attached document and fill in and return the questionnaire to the school office by Friday 30th August.

## Library Visit

Rooms 2, 4, 5 and 6 are visiting the Dannevirke Library, on Monday, as part of their Winter Warmers Programme.

Information and permission forms have been sent home and need to be returned to the school office by 9.00am Monday morning along with the \$1.00 towards the bus cost.

## Daffodil Day

Daffodil Day is next Friday, 30th August.

Children may wear yellow and green mufti clothes and bring a gold coin to be donated to our local Cancer Society.

## Up Coming Events

### August

26 - Monday  
Library visit - Rooms 2, 4, 5, 6

Phone 06 374 6444  
Fax 06 374 9268

The Huia Range School Board of Trustees is currently developing our local curriculum.

Our local curriculum must be based on the New Zealand Curriculum which is a clear statement of what is deemed important in education. It takes as its starting point a vision of our young people as lifelong learners who are confident and creative, connected, and actively involved in our community

Our local curriculum is the way that we bring The New Zealand Curriculum to be brought to life at our school.

It should:

- \* be responsive to the needs, identity, language, culture, interests, strengths and aspirations of our learners and their families
- \* have a clear focus on what supports the progress of all learners
- \* integrate Te Tiriti o Waitangi into classroom learning
- \* help learners engage with the knowledge, values, and competencies so they can go on and be confident and connected lifelong learners.

We want to work with our school community to get some shared understandings about the teaching and learning we want at our school.

We want a local curriculum that strengthens our people and celebrates our place.

How do we make our vision come alive for every learner, every day?

The Board and school would value your opinion please answer the following questions and return the attached form to the school office by Friday 30th August.

Please tick

Parent

Caregiver

Grandparent

Aunt

Uncle

1. What areas of the curriculum do you think the school does well?
  
2. What areas of the curriculum do you think need more importance?
  
3. Is there anything else you would you like to see given more importance in your child's learning?
  
4. What do you think are the important things in our community to make sure your child gets the opportunity to learn about?
  
5. How do you think the school could better connect with the people in our community?
  
6. When your child leaves as a year 8 and heads into secondary education what do you want him/her to know and to be like?
  
7. What else would you like to tell us about our school and about our children's learning?

If you would like the opportunity to talk about any of these things please ring and ask for a time that suits you and I so you can discuss your ideas/thoughts with me.

Nga mihi nui  
Robyn Forsyth  
Principal

## MENINGOCOCCAL DISEASE: DON'T WAIT – TAKE ACTION

There have been 3 confirmed cases of meningococcal disease in the MidCentral region during July/August.

Meningococcal disease is a serious bacterial disease which can affect anyone but it is more common in children under the age of 5, teenagers and young adults. It can look like influenza in its early stages but it can very quickly get much worse. The illness may develop slowly over 1-2 days or quickly over a period of a few hours so it is important to not wait and seek immediate medical help in the early stages of symptoms – ring a doctor - or ring Healthline 0800 611 116 straightaway at any time of the day, even if you have already been seen by a doctor.

**Don't be put off. Insist on immediate action.**

### Your baby or child may:

- have a fever
- high pitched cry or unsettled
- refuse drinks or feeds
- vomit
- be sleepy or floppy/harder to wake
- have a stiff neck
- dislike bright lights
- have a rash or spots (that don't fade when pressed and look like small bruises)

### Adults may:

- a fever
- a headache
- vomit
- be sleepy, confused, delirious or unconscious
- a stiff neck
- dislike bright lights
- have joint pain and aching muscles
- have a rash or spots (that don't fade when pressed and look like small bruises)

The best way to avoid getting sick with meningococcal disease is to not share spit/saliva and other respiratory secretions with other people. To do this:

- don't share food, drinks, cutlery, toothbrushes, pacifiers, cigarettes and other objects that can transfer spit
- cover your nose and mouth with a tissue when you cough or sneeze
- washing and drying your hands can help reduce the chance of spreading the bacteria that can cause illness

There are vaccines for certain strains of meningococcal disease available in NZ. Some are free for certain high risk groups. There is a charge for vaccines for adults and children who do not fit into these groups. See your GP for further information.
