Maniototo Area School Work Day

We are holding our annual work day on Friday 21st October. Work Day is aimed at Year 7 and older, but younger children may participate if their parents wish. Year 11-13 may choose to prioritise preparation for exams.

We ask that payment is made by way of a donation to the school, which can be tax deductible. Payment is not expected until after the work is completed on 21st October. The funds raised are used to subsidise travel costs so our students can participate in a wide range of educational, sporting and cultural events and to update and upgrade our ICT and other resources..

We expect our students to find a job for the day and that the people who employ them pay them via a donation to the school. Could you please complete the attached form detailing where your child will work. If students are unable to find a job they are expected to be at school where a number of community tasks are available for them.

Could you please return the attached form by Wednesday October 12th.
